AN EDUCATION *on* YOUR VACATION

This is an amazing opportunity to learn! As much as I learned from the class sessions, I feel like I learned even more from the informal meetings with other investors!

CRYSTAL CARUTHERS ■ **NORMAN, OK**

*Epic! Every year is a total game changer that takes me past my current plateau and onto the next level! Every year I think it's not possible... Every year AORE proves **it is!***

JARED BOND ■ **OKLAHOMA CITY, OK**

AN EXPERIENCE *to* CHANGE YOUR LIFE

Everyone who takes this cruise comes away with a new perspective on their future. You will create a 52-week success plan and learn from people who are doing it. You will set attainable goals—year after year, we hear returning AORE alumni reporting they have met and exceeded theirs. You will learn more than “how to become a real estate investor.” You will learn how to be a “life” investor... how to get more and give more of yourself than you have ever imagined.

Being removed from day-to-day distractions, learning how to succeed in real estate, creating and focusing on your goals, and making great connections while enjoying some of the most spectacular scenery in the world, is what the AORE Annual Conference Cruise is all about.
